## Module - IV

Review of cases done earlier in the course Case  
Presentations  
Examination - Written and Oral

## **FACULTY:**

As Aesthetic dentistry involves a multidisciplinary approach faculty from Conservative dentistry, Prosthodontics, Periodontics and Orthodontics are actively involved.

## **EVALUATION:**

The performance evaluation will be done on the basis of satisfactory completion of all assignments, followed by an examination at the end of the training.

The certificate will be awarded after taking into consideration the four criteria listed below:

1. Written test on theoretical aspects - 50% weight age
2. Evaluation of the Candidate's clinical performance by the faculty - 20%
3. Submission of typed and bound copy of the scientific review of publications on a Specific topic in Aesthetic Dentistry - 10%.
4. Power point presentation of the 3 completed esthetic cases – 10%
5. Viva Voce – 10%

All four stages of evaluation process are equally important for the successful completion of the course. Failure to undertake any one of the four aspects will disqualify the candidate from obtaining the certificate. Candidates, who fall short of the minimum requirement to obtain the certificate, will be allowed to repeat their performance in the failed component, provided he or she undertakes the test within a period of one year of the completion of the course.

## **CERTIFICATION:**

College of Dental Sciences, Davanagere, will issue certificate of training to successful candidates at the close of the 4 months training program. However, candidates will have to finish their assignments and have full attendance.
