

SS CARE TRUST STUDENT WING "TOGETHER FOR WAYANAD" RELIEF DRIVE

COLLEGE OF DENTAL SCIENCES

Several Homes, lives and hopes buried under tons of mud. This is the heartbreaking reality of Wayanad right now. Over 357 lives have been tragically lost, with more than 200 still missing. Over 10,000 people have been displaced.

The pain is unimaginable, and the need for help is urgent. As students, we have the power to be a beacon of hope. Let's unite through the 'Together for Wayanad' relief drive.

Contribution of every item, no matter how small, can make a big difference. Please donate generously and share this message to spread awareness. Your compassion can turn despair into hope.
